The information sought in the letter below may be kindly furnished. Was it debit or credit balance?

A. 114. 30 NOV 1918

From the Personal Estate Accounts Register maintained in this office, it is seen that the Balance of the Account of His Highness the Maharaja on 30-4-18 is a debit balance of Rs. 2,05,300-14-4. The sum of Rs.2,05,612-1-0 referred to in Mr. Thumboo Chetty's letter represents the Grand total of the month including balance.

The probable cash balance on 30th June 1919 was shown as nil under the following circumstances.

To wipe out the above debit balance, the investment of Rs.2,02,800 by His Highness in the Tata Iron & Steel Company was transferred to Palace Deposit Account as suggested by the Palace Controller and it was therefore anticipated that the cash balance at credit of the account on 30-6-18 including the credits during May and June 18 would be about Rs.5000/-. The net receipt during 1918-19 from interest and dividend on investments made would be about Rs.23,000/- deducting a payment of Rs.20,000 to be made to the Andhra Valley Company towards call on shares, the probable balance on
